Important Message

If you are in bankruptcy or have been given a discharge for your bankruptcy, this letter is for information only. This letter is not an attempt to collect a debt. It is not an attempt to collect, assess or recover all or part of the debt from you. If a bankruptcy trustee is making your payments for you, please give a copy of this statement to the trustee.

Your escrow shortage amount does not include any actual shortage that might have been included before you filed for bankruptcy.

Chase automatic mortgage payment customers: If your mortgage payment amount changes after an escrow analysis, we'll adjust your payment for you.

Balancing Your Escrow Account

There needs to be enough money in your escrow account to pay your property taxes and/or insurance. To do that, federal law allows us to require that you keep a minimum balance in your account. This cash reserve helps to cover any increase in taxes and/or insurance. However, the minimum balance requirement has been waived for your account.

The payments made to and from your escrow account last year help predict your account activity for next year. This year's activity also helps predict what your lowest account balance is likely to be.¹

To balance your escrow account, we compare what your lowest account balance will likely be next year with your minimum required balance. The difference between those two numbers tells us if you need to pay a shortage or if there is a surplus in your account.

\$0.00	Your minimum required balance
\$1,546.16	Your estimated lowest account balance for [REDACTED]
\$3,360.13	Your escrow account surplus

¹See the "Estimated Escrow Account Activity" chart in this statement.

FREQUENTLY ASKED QUESTIONS

Why am I getting an Escrow Analysis?

We run your Escrow Analysis annually so you know the amount of taxes and/or insurance we paid for you this past year with funds from your escrow account. We also include what we expect to pay next year.

Why does my account have a surplus?

Your account balance is higher than the minimum balance required, so we're refunding the difference. If your refund is more than \$50, your check is attached. If it's less than \$50, we'll credit your escrow account with your surplus.

We calculate next year's monthly escrow payment based on your tax and/or insurance payment amounts at the time your analysis is run. If your taxes and/or insurance change, your escrow payment may change, resulting in a shortage or surplus next year.

What is an escrow minimum balance?

For most accounts, the minimum required balance is equal to two months of escrow payments. This minimum balance helps cover any increases in your taxes and/or insurance over the next year.
